LIVINGSTON

Your correspondent and wife spent last week in Crab Orchard visiting their mother, Mrs. Kate Magee, and other relatives.—Bro. Obe, the pastor of the Baptist church at this place with his wife and little daughter, have located at this point and have taken rooms at Mrs. J. R. Orndorff's and board at the Eight Gables. We are certainly pleased to welcome them in our midst and hope they may remain indefinitely.

Mr. and Mrs. L. M. Westerfield and children are visiting relatives in Stanford and attending the surrounding fairs. Miss Mae Magee has returned to her home in Lancaster after visiting relatives at this place for the past two weeks.—Ed Hayes, night pumper is on crutches for a few days the result of a tram car loaded with coal running over his foot a few nights ago.—William Baker, who has been quite sick for some time, is, we are glad to note, able to be out again.—There will be a union Sunday-school picnic at the Sambrook grove next Saturday July 25; given for the three Sunday-schools of the Baptist, Christian and Presbyterian churches. Let every one come and have a royal time; and be sure you bring a well filled basket of good things to eat.

Mrs. Laura Johnson, G. W. M., of Louisville, and Mrs. Bryant, A. G. W. M., of Corbin, visited the Eastern Star Chapter at this place Tuesday last. Delightful refreshments were served and the meeting was as usual a grand success in every particular. The visiting ladies were entertained by Mesdames C. H. Rice, Jacob Sambrook and J. R. Carter. We wish the ladies much success in their work, and may they reap the harvest of which they are so deserving.—J. F. Neighbors, of Louisville, was shaking hands with his many friends at this place Tuesday and Wednesday.—I wish to say to the patrons and voters of Livingston school district that on Saturday August 1st there will be an election held at the school house for the purpose of electing a school trustee to serve for this district. There are two candidates for this office, Dr. W. J. Childress and your correspondent, (H. D. Magee), with both of whom you are all well acquainted. I wish to say to Dr. Childress, there can be nothing said by me or anyone else detrimental to his standing or ability to fill this office and of course I could say anything about myself I would not be likely to say it. We are not opposing each other for any personal reason or because we have any personal interest in the employment of teachers; but I am interested so far as having a good school in our town which is badly needed and I assure you that if elected I will discharge the duties of the office to the best of my ability. I will give you my opinion as to my plans for employing our teachers, and it is this: Have applicants make application in writing and when all applications are in then give ample notice to the patrons of the district to meet at the school house in mass meeting and put the applications before the meeting and let the majority select the teachers wanted and then recommend this teacher to the board for approval. This is a duty we owe the public and I think it would meet with the approval of all patrons and voters and I am sure it will keep the trustee from being accused with having an ax to grind. I don't know my opponent's views in regard to the plan but am sure he will give good service in the capacity, and while I would feel highly honored to serve the people as their trustee, yet if the majority of the voters think my opponent could serve them better, I submit without a word of protest, but I earnestly solicit your support, not for any personal gain, but I would like to have the honor of being instrumental in having a number-one school instead of allowing this honor to go to my worthy opponent. I ask you to vote as you think best, but take enough interest in the welfare of our town and the school children to vote for one or the other.

LEVEL GREEN

The farmers are rejoicing over the recent good rain, and Uncle Bill says the nomination of Bryan and Kern is beginning to work miracles.—The series of meetings which were ably conducted by Drs. Hudson and Riddell at Friendship closed Sunday with twenty-two additions.—J. M. Craig of Quail purchased from Mr. T. I. Price of this place, the 20th inst, a span of mules for \$250.—"Red" Mullins the Trading King of Level Green still buys Jersey calves and Banty roosters.

Dr. Grover Price of this place tired of living a bachelor's life eloped on last Friday night with Miss Lura Baker, the beautiful and accomplished daughter of Mr. and Mrs. Andy Baker of Plato. Grover and his bride were given a warm reception on their return Saturday evening, when the youngsters of the village gathered with horns, muskets, cow-bells, dish-pans, wash-tubs, etc., and made the evening hideous. Here is hoping that their future will be as happy and peaceful as the present is promising.—Mrs. W. F. O'Neil, who has been sick is rapidly improving.—The school at this place will begin next Monday with D. R. Gentry as principal.

James Lewis, representative of the Sue Bennett Memorial School London, Ky., was in this vicinity Saturday in the interest of his school.—D. R. Gentry purchased from O. J. Mullins a calf for \$7.50.—On account of unfavorable weather, blackberries will not last as long this season as usual.—Mr. and Mrs. W. J. Brown of Science Hill visited the former's parents at this place Saturday.—Miss Flossie Isaacs, of Elgin has been visiting Miss Katie Price at Level Green the past week.—"Red" Mullins purchased from Mrs. J. N. Brown, a young Jersey cow.—Rev. J. B. Brown, formerly of Level Green but who is now located at Manor, Tex., writes that he is well pleased with the Lone Star people, climate and general surroundings.—Mrs. Sallie Gentry of Quail visited Mrs. J. N. Brown Sunday last.

This is what Hon. Jake Moore, State Warden of Georgia, says of Kodol for Dyspepsia: "E. C. DeWitt & Co., Chicago Ill.—Dear Sirs:—I have suffered more than twenty years from indigestion. About eighteen months ago I had grown so much worse that I could not digest a crust of corn bread and could not retain anything on my stomach. I lost 25 lbs; in fact I made up my mind that I could not live but a short time, when a friend of mine recommended Kodol. I consented to try it to please him and was better in one day. I now weigh more than I ever did in my life and am in better health than for many years. Kodol did it. I keep a bottle constantly; and write this hoping that humanity may be benefited. Yours very truly, Jake S. Moore, Atlanta, Aug. 10, 1904." old by Chas C. Davis.

KENTUCKIANS GRATIFIED.

All the Kentuckians who traveled to Denver were gratified over the fact that from the tap of the bell until the convention was adjourned the Bluegrass State set the pace. The others followed. On every roll call Kentucky was there and led the way. During a great part of the time the convention was actually "run by Kentucky." All the important motions and all the big moves on the board came from Kentucky's delegation. The vice presidential race was unsettled until Ollie James cast the twenty-six votes of Kentucky for John W. Kern, of Indiana. "That settles it," murmured the various State delegations who were at sea, and within five minutes the names of all other candidates were withdrawn and Kern was named. There was some doubt about the result of the fight on Guffy, of Pennsylvania, but it was determined when Kentucky without faltering went on record against the Key-stone boss. In addition Ollie James thrilled 20,000 men and

women with his oratory and made them—all tired, worn and sleepy—sit up at the break of dawn and go through with every gesture that he made like so many cigar store Indians that had been converted into wild Indians by an electric spark.

Nearly every newspaper in the country pronounced Ollie M. James of Kentucky, to be the greatest orator in the Democratic party and some said he "stood head and shoulders above them all in all parties."

Delay in commencing treatment for a slight irregularity that could have been cured quickly by Foley's Kidney Remedy may result in a serious kidney disease. Foley's Kidney Remedy builds up the worn out tissues and strengthens these organs. Commence taking it today.

The Ohio Circuit Court reversed the Common Pleas Court in the Madden divorce case and holds that the turfdam need not continue to pay alimony to his former wife, who is now Mrs. Louis V. Bell.

to the action of the Republican party.

Hon. W. J. Bryan and Hon.
John W. Kern, the Democratic
nominees for President and Vice-
President, have asked that the
farmers, business and professional
men, who desire to see their elec-
tion next November, contribute
such amounts as they feel disposed
to give for the purpose of defray-
ing the expenses of the national
campaign. They go further and
say that contributions will not be
accepted from the corporations or
money powers and it is therefore
necessary that this money be made
up by small subscriptions. Feeling
that the Democrats of Rockcas-
tle would be glad to assist, in some
measure, whether it be great or
small, a subscription list has been
started. The names of all contri-
butors will appear in these columns
showing the amount of the contri-
bution, but should anyone desire
to contribute and have name with-
held, just say so, and it will ap-
pear as so much cash received.
Mr. Jonas McKenzie will act as
treasurer and at the proper time
will remit all money received to
the proper authorities showing the
list of contributors. If you feel
inclined to make any donation,
report same to Mr. McKenzie at
once, and if not convenient to send
money now, send later. The com-
mittee in charge is very anxious
that liberal and prompt responses
be made.

Narrowness may bring popularity
to some but liberality has worked
out best with those practicing it.

Each school district is supposed to furnish its own ballot box, for the school election next Saturday. Any ordinary box will answer, providing it has a lock on it and not too heavy, but that it can be carried without too much difficulty. We would suggest that the officers appointed to hold election, see that a suitable ballot box is provided for their respective district. See list elsewhere in this issue for appointed officers.

Hon. Harvey Helm, Congressman from this district informs us that he has, until October next, the appointment of a Second Lieutenant in the U. S. Marine Corps, which appointment he desires shall go to some worthy young man in his district. The position pays \$1700 salary per annum during life or good behavior, with opportunity of promotion. It can be filled by any young man of good character, whose age is between 21 and 27 years, and who can stand the mental and physical examinations that must precede the appointment. The latter are quite rigid, but any one who would care to undertake them would, if successful, receive appointment to what is considered a very desirable position in the Navy Department of the U. S. Government. Any worthy young man who so desires, can be put into communication with the authorities who would arrange for his examinations, by writing to Mr. Helm at Stanford.

We understand that the school election is getting pretty hot in some of the rural districts. The present school law is nothing but a "politics breeder", and if the people do not keep politics out; the schools not only in this but in every other county in the state, will be nothing but political machines. A splendid motto to adopt is not to vote for any man for school trustee who tries to bring politics into the race. The public schools of Kentucky are several years behind the times at the very best and to mix them up with politics which means they would be run and conducted on political lines, then we had just as well do away with them, and use the money for some purpose more advantageous to the people in general. Another fact to be considered in the selection of trustees, is the splendid opportunity which will be presented for GRAPT. The trustees who are elected next Saturday meet within thirty days after that time and each Educational division selects one of the trustees elected in the Sub-districts, as chairman of that Educational division. These six chairmen, with the County Superintendent, employ the teachers for every district in the county. If those six chairmen want to make it a graft proposition they can do it. If they are men who have the best interest of the county and the education of the little ones at heart, then we may expect the best results. For these reasons we urge the importance of electing men as trustees who have no political ax to grind and men who are not looking for a graft.

IF THESE SUITS ARE NOT WHAT WE CLAIM BRING THEM BACK.

While at the Crab Orchard fair on last Friday, we had the pleasure of chatting for some time, with our good friend, J. C. Hayes, a former Rockcastleite, but now one of the well-to-do and progressive farmers of Lincoln. Mr. Hayes is a candidate for jailer of that county subject to the Democratic primary and every indication points to the fact that, he will prove himself a pretty lively racer. He is strictly for Mr. Robert Coffey, for the short term, since Mr. Coffey is making the race in the interest of Mrs. Herron, whose husband died only a few weeks ago and who had been elected to fill the office for four years. Mr. Hayes speaking of the short term said: "I am for Robert Coffey for jailer, against anyone who might enter the race. Mr. Herron was elected to fill the office for four years and I believe that the emoluments of the office should go to his widow for the remainder of the term." Lincoln has honored several men who have gone from Rockcastle and have never found cause to regret having done so, and with J. C. Hayes as it was with Isaac Herron and Bob Jones, would always be found a true and faithful officer.

The statement of the New York clearing-house banks for the past week shows that the banks hold \$52,728,400 more than the regular requirements of the 25 per cent. reserve rule. This is an increase of \$5,675,150 in the proportionate cash reserve as compared with the previous week.

At Quebec, beginning last Monday and lasting six days, the greatest celebration in the history of Canada took place, marking the three hundredth anniversary of the founding of the settlement by Champlain. The Prince of Wales, took part in the celebration. His official landing, was scheduled for Wednesday was a brilliant spectacle. Vice President Charles Fairbanks was present as the representative of the United States Government.

Although the real opening of the presidential campaign is still some distance off, the candidates of the two big parties and the various political campaign managers have a fairly active week in prospect. While ostensibly resting, in anticipation of the stirring times which are to come, all are combining considerable work with their pleasures. William J. Bryan, the Democratic presidential nominee, on Saturday will meet the sub-committee of the National Committee in Chicago, at which time the National Chairman will be selected. William H. Taft, presidential nominee of the Republican party, at Hot Springs, Va., will finish his speech of acceptance to the notification committee and to have it in readiness for their Cincinnati event the following week.

Judge Taft, in an interview Saturday announced that the Republican National Committee would accept no campaign contribution from corporations.

THE COLLEGE MERGER.

It seems to be definitely settled that the medical colleges of Louisville are to be consolidated into one gigantic institution. We say "gigantic," but that is hardly the word. That smacks too much of mere numbers, while it is quality that is the important thing. "Strong" were better. One, big strong college in the place of the several weaker individual ones is the prospect. It is a programme which the people of Louisville in general and the medical profession in particular may rightly indorse. The old conditions have not been brilliantly successful, either professionally or financially. The especial sort of rivalry which was practiced, was not productive of the best results. With the best features and most skillful instructors of the individual colleges united in one institution, the proposed college should be without a superior in the country, for as is well known, Louisville stands at the very top in the rank of her physicians. There is material here for one of the most accomplished faculties that can be organized. And it is just such a faculty that the new college is expected to have.

It is a matter of congratulation for all concerned that the long-drawn-out negotiations are to have so happy an end.—Times.

How to Cure Your Piles

If sufferers from piles and rectal diseases would first try a reliable laxative like Dr. Caldwell's Syrup Pepsin instead of using external salves and suppositories, or having an operation performed, they would save themselves a world of trouble, expense and pain. The reason is that in nine cases out of ten piles are the result of habitual constipation, and when once the constipation is thoroughly cured the piles disappear.

Piles are to be constipated what pimples are to bad blood, simply an outward symptom. And just as face lotions aren't half as good for pimples as a good blood medicine, so salves and suppositories aren't half as good for piles as a reliable laxative like Dr. Caldwell's Syrup Pepsin.

A 50-cent or \$1 bottle will prove these claims, and every druggist is anxious to guarantee results. Hundreds of people have written us that Dr. Caldwell's Syrup Pepsin is the best cure they know of, and it is surely worth a trial from not only will it cure the piles but it will permanently correct bowel trouble so that you will have regular movements. It will tone the stomach and make digestion easy for you.

Dr. Caldwell's Syrup Pepsin is the best remedy for constipation, dyspepsia, biliousness, flatulency, and all resultant troubles, such as piles, arising from disordered stomach, liver or bowels. Its gentle action and pleasant taste make it especially suited to children and all who are too weak to stand purgative waters, salts and gripping powders and tablets. A physician is not what pile sufferers need, but steady, easy bowel movements, and these can be obtained by the use of this wonderful remedy. It brings about a permanent home cure at a minimum of expense.

FREE TEST Those wishing to try Dr. Caldwell's Syrup Pepsin before buying can have a free sample bottle sent to their home by addressing the company. This offer is to prove to those who have never taken it, and is only open to those who have never taken it. Send for it if you have any symptoms of stomach, liver or bowel disease. WOMAN TO DON STRIPE

Being convicted of an accessory in the murder of M. B. Snyder, County Surveyor of Whitley county Mrs. Sarah Steely, of Williamsburg, was sentenced to the penitentiary for five years at the Whitley term of Court last Thursday.

The conviction and sentence of the woman is one of the swiftest acts of justice that has been meted out to a criminal in Eastern Kentucky in many years, for the murder was only committed on the afternoon of July 4.

As far as could be learned the crime was an atrocious one and the woman is lucky to have escaped the gallows. It seems that Mrs. Steely bore a grudge against Mr. Snyder, although she and the family were on good terms with him. He was invited to go to her home on July 4, and the murder shows that her purpose was to entice him there.

Whitley county is a local option county, and Mrs. Steely always had beverages on hand—sometimes selling them and sometimes giving them away.

She planned to celebrate the Fourth however, not only by drinking, but also with a carnival of crime.

Mr. Snyder went to the Steely house as he had been invited, and after a few drinks had been taken, Mrs. Steely became very insulting to him and quarreled with him because she said he had testified against her in the Federal court.

Mr. Snyder endeavored to resent the abuse and at that moment Mrs. Steely signalled her 16-year-old son Granville to attack Mr. Snyder, which he did, with a knife stabbing him so badly that he died the following Monday morning. The bitterest feeling existed in Williamsburg as a result of the murder and the lawyers of that bar volunteered their service to prosecute the woman.

The murdered man was a brother of J. B. Snyder, Commonwealth's Attorney of the 20th Judicial District, and brother-in-law to C. S. Wilson, employed as Clerk in the office of the Court of Appeals. He was also a member of one of the most prominent families in Eastern Kentucky.

THE DOCTOR AWAY FROM HOME WHEN MOST NEEDED.

People are often very much disappointed to find that their family physician is away from home when they most need his services. Diseases like cramp colic and cholera morbus requires prompt treatment, and have in many instances proven fatal before medicine could be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. No physician can prescribe a better medicine for these diseases. By having it in the house you can escape much pain and suffering and all risk. Buy it now; it may save life. For sale by Chas. C. Davis.

BEST MEDICINE IN THE WORLD FOR COLIC AND DIARRHOEA.

"I find Chamberlain's Colic, Cholera and Diarrhoea Remedy to be the best remedy in the world," says Mr. C. L. Carter of Skirum, Ala. "I am subject to colic and diarrhoea. Last spring it seemed as though I would die, and I think I would if I hadn't taken Chamberlain's Colic, Cholera and Diarrhoea Remedy. I haven't been bothered with it since until this week, when I had a very severe attack and took half a bottle of the twenty-five cent size Chamberlain's Colic, Cholera and Diarrhoea Remedy, and this morning I feel like a new man."
